

stable doors

Stable Diamond Glazed

The new range of Stable Doors offer rustic charm whilst retaining the benefits of low maintenance and high security. All stable doors are available with either a matching or contrasting glazing trim.

Featuring the Vectis Lock from Era, with the look and feel of a traditional mortice lock combined with the security benefits of a modern multi-point locking system, the Hurst Stable door offers versatility without the compromise of security or good looks.

The Vectis cylinder free multipoint locking system can also be specified on the full range of composite doors if preferred.
